

TRANSFER CHECKLIST

EXPLORE

For your first term at PCC:

- Make a list of majors and careers you're interested in. If you aren't sure about your major or career plans, consider:
 - Taking a course such as:
 - CG 130 Today's Careers (2 credits) to learn about the wide range of occupations and the skills required for each.
 - CG 140A Career and Life Planning (3 credits) to access tools and career research information to help you narrow down a field of study that works with your personality, skills, and goals.
 - Meeting with a Career Counselor to discuss options: pcc.edu/resources/careers
- Register for classes as recommended by your placement in math, writing and/or reading. It's also a great time to take a basic course in your major or pathway. Considering business? Take BA 101Z Introduction to Business. Thinking about psychology? Take PSY 201AZ Introduction to Psychology.

Once you've earned 15-24 credits, complete these tasks:

- Select a bachelor's degree program/major that aligns with your future career goals. If you need in-depth help, consider taking CG 225 Transfer to a Four Year College (2 credits).
- Research colleges/universities that offer this program/major. What are your top 3 colleges? List them here:
 - 1.
 - 2.
 - 3.
- At your top colleges, is your major offered as a Bachelor of Arts (BA), Bachelor of Science (BS), or another type of bachelor's degree? Talk to an adviser about the differences and how it impacts what classes you should take.
- Attend an Oregon Transfer Days event, transfer fair, and/or talk with recruiters/representatives from the transfer institution(s) you're interested in.
- Ask a transfer representative or adviser at the universities to evaluate your PCC transcript and create a transfer guide.
- Visit pcc.edu/university-transfer to see if PCC has an articulation agreement for your major with any of your top colleges.

If you are unable to complete the above, speak with a PCC Advisor as soon as possible. Connecting your PCC credits with your future institution is an important step in understanding how to effectively transfer.

PLAN

You've completed 25-45 credit hours. To stay on track, complete these tasks:

- Research admissions information on the university's website(s).
- Find your top 3 universities' application, FAFSA, and scholarship deadlines. Write them here:
 - 1.
 - 2.
 - 3.
- Determine what documents (college/high school transcripts, ACT scores, AP exam scores) you'll need.
- Meet with an advisor to make sure your classes and transfer plans are aligning.

ACT

You've completed 45-70 credit hours. Here are your next steps:

- Before the deadline(s), complete all paperwork or online forms (application, financial aid, scholarships, etc.) for your top universities, and pay any required application fees.
- Request all necessary documents (transcripts, ACT, AP, etc.) be sent to your university.
- Check that everything was received and that you are on track. Check your application status frequently.
- After you receive acceptance letters, financial aid and/or scholarship offers, make the final decision where you will attend, and accept your offer.
- Graduate from PCC! Yay! Send all final transcripts to your new university after your final grades are posted.
- Attend any orientations and complete ALL necessary enrollment requirements for your new university.

CONGRATULATIONS! You've successfully earned a PCC degree and transferred to a university.
